This is a “Travel like the locals” tour. The tours use public transport, i.e. regular buses, ferries and boats, but we have done the planning for you so that you can concentrate on enjoying your trip. You travel on your own - there is no guide or tour leader. On most of our tours you must change several times between different buses/ferries/boats, and it is up to you to make sure you catch your connections – truly travelling like a local! (The tours are set up so that the buses, ferries and boats connect.)

Round trip to the Norwegian Scenic Route Atlantic Road & Molde

Kristiansund – the Atlantic Road – Molde - Kristiansund

This trip goes from Kristiansund via the Atlantic Road - often described as the world’s most beautiful road – to Molde and back to Kristiansund!

The Atlantic Road connects Averøy with the mainland via a series of small islands and islets spanned by a total of eight bridges over 8274 meters. The road is a national tourist route.

At the Atlantic Road, you will get off the bus at Eldhusøya. Here you can take a walk on the suspended walkway around the islet. The walkway consists of latticework (“grids”) “floating” above the terrain, and is suitable for or anyone. The service building at Eldhusøya, with its distinct architecture that falls into the terrain, has a café and toilets. (Open Saturdays and Sundays in the spring and every day 1st June – 31st August.) The area also offers a magnificent landscape, a rich bird life and great fishing opportunities.

In Molde you have some time to look around this charming little town by the fjord. (You can choose a short stay or wait for the next bus departure and have a longer stay. See the timetable below.)

Molde is famous for its view towards the “Molde Panorama”, the impressive row of mountains on the other side of the fjord. Located between sea and mountains and with a short distance from the one to the other, you can explore the fjord, the town center and the mountains behind the town in a short time.

In the summer, the town lives up to its name “Town of roses”, and in July the famous Molde International Jazz Festival takes place.

The trip back to Kristiansund goes via Batnfjorden and Frei. Along the route you can enjoy the beautiful mountain and fjord landscape.
